Current Position

Bill is a full-time Health & Safety Consultant with considerable experience delivering IOSH, NEBOSH accredited courses including the NEBOSH Diploma and generic health & safety training.

Professional Background

Bill has gained 11 years' experience in a teaching health & safety training capacity primarily in the public sector but also for SMEs. He was a key lecturer in safety training & consultancy services at a Further and Higher Education College where he developed and delivered tailored courses these includes specialist training for industry including CIEH and CCNSG passport.

Prior to his role at the FE College, he worked for a large container design, development and manufacturer as a health & safety adviser / trainer. There he dealt with all aspects of health & safety, whilst devising and delivering training courses for all employees, there he also carried out accident investigations, inspections and audits risk assessments.

Bill also worked as a self employed health & safety trainer developing tailored training packages for a wide range of clients focusing on the specific risks faced by each individual organisation.

Bill began his career working for a packaging company responsible for health & safety he designed internal systems and trained operatives in basic in-house hygiene courses.

Areas of Expertise

Bill is an experienced trainer of IOSH courses and the NEBOSH Certificate and Diploma, delivering course in both the UK and internationally. Bill also delivers IEMA courses as well as a wide range of generic health & safety training including tailored in-house courses developed with clients for companies in the public & private sectors. Clients of Bill's have included DHL Exel who he delivered IOSH Supervising Safely to, Cleveland Potash and Robert Wiseman Dairies.
