

NEBOSH in Turkey

Why 'NEBOSH International Certificate'?

- In recent years, NEBOSH launched 'International General Certificate in Occupational Health & Safety' in order to meet the demand from the multinational companies.
- This demand arised from these large companies' requirements for H&S competence based on 'best practice' rather than the UK's H&S legislation.

"You can therefore be assured that a NEBOSH qualification provides evidence of real achievement."

- Its Advisory Committee comprises members from the **Health and Safety Executive (HSE)** and the **Institution of Occupational Safety and Health (IOSH)**, the UK's leading H&S bodies.

Why a course in Turkey? (1)

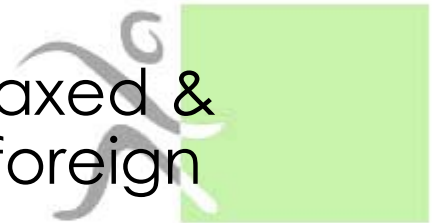

- Cost of taking the course in the UK can result in figures like GBP 4000 + VAT because of the high accommodation, staying, flight, passport, visa, abroad transfer costs, abroad tax for Turkish citizens. This is true for Gulf countries and Azerbaijan as well.
- However, taking the course in Turkey is GBP 1850 + VAT (incl. certificates, course notes, registration fees, lunch & coffee breaks in 5 star training rooms). The cost benefit is great when the course is taken in Turkey from the same UK tutors.

Why a course in Turkey? (2)

- Turkish speaking delegates cooperate & discuss the learnings from the course at each and every interval and help each other.
- This increases their chance from the final exam and stands as a vital point.
- They may not be able to find this relaxed & motivating learning environment in foreign countries, and may feel as strangers.
